THE OPPORTUNITY

---

# A new payment system is already in motion.

Global payment infrastructure is being rebuilt — not by a single technology, but by the convergence of regulated digital money, real-time settlement, cross-border systems, and platform-embedded finance.

This is no longer a discussion about innovation. It is a structural shift in how capital moves, how institutions settle, and how regulators frame the next decade of finance.

Digital Finance Summit Abu Dhabi 2026 brings together the leaders defining this shift — across central banks, financial institutions, infrastructure providers, and global capital allocators.

---

**\$190T+**

Annual cross-border payment flows being modernized globally

---

**80%**

Of central banks engaged in CBDC research or pilots

---

**3.5x**

Real-time payment volume growth projected by 2028

---

WHY NOW

The window for sponsors to shape this market positioning is now — before category leadership is locked in for the next decade.

W H Y   A B U   D H A B I

# The most regulated financial jurisdiction in MENA.

Abu Dhabi has emerged as the strategic anchor for institutional digital finance — combining sovereign capital, mature regulation, and an active operator ecosystem.

## Sovereign Capital

\$1.5T+ in regional sovereign wealth concentrated within a 90-minute radius.

## Mature Regulation

ADGM and Central Bank of the UAE provide globally recognized institutional frameworks.

## Active Ecosystem

Home to the world's largest concentration of digital asset infrastructure operators outside Asia.

E V E N T   P O S I T I O N I N G

Two days. Closed-door. Built for outcomes, not visibility.

Sponsorship buys access to a curated room — not exposure to a general audience.

THE AUDIENCE

# A curated audience built for impact.
